

Community Grants: Community projects position libraries as forward-looking community anchors that address diverse needs, including human services, employment and economic development, and civic engagement.

Program and Activity Ideas:

- Job Assistance and Training Programs
- Small Business Development
- Community Referral Programs
- Civic Engagement Programs
- Legal Information Programs
- Other Programming, as identified

Community Grants should address these LSTA priorities:

- Develop public and private partnerships with other agencies and community-based organizations.
- Target library services to individuals of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to individuals with limited functional literacy or information skills.
- Target library and information services to persons having difficulty using a library and to underserved urban and rural communities including children from families with incomes below the poverty line.

As you plan:

1. What community need are you targeting with this project?
2. How do you know this is a community need?
3. How will you address this need?
4. How will community members benefit as a result of the project?
5. How will you know if you were successful?
6. How will you measure that success?
